SECTION 12 - INTRALATA TOLL MESSAGE TELECOMMUNICATIONS SERVICE

D. TWO-POINT SERVICE (Continued)

5. Procedure For Ascertaining A Rate

In order to find the rate for a given class of service between two points the steps to be followed are:

- a. Ascertain the rate mileage as described in C. preceding.
- b. Refer to the basic mileage schedule in Paragraphs D.4. preceding, as appropriate. Opposite the mileage step which includes the mileage determined as in a. above will be found the initial period and overtime rates for all classes of service between the rate centers involved.

E. WIDE AREA TELEPHONE SERVICE

NOTE: The services described in paragraphs E.2. through E.13 below are offered only to existing subscribers on the effective date of this page.

1. General

Wide area telephone service (WATS) is furnished by ALLTEL New York, Inc., hereinafter referred to as the Telephone Company.

2. Definition

a. Outward WATS

- (1) Outward WATS is the furnishing of facilities for dial type telephone communication from an outward WATS access line, of a type listed in 9. following, to intraLATA local and toll points within New York State in accordance with the regulations and schedules of charges as specified herein, except as provided in (2) following.
- (2) InterLATA dial type telephone communication from an outward WATS access line, of a type listed in 9. following, is furnished by an interexchange carrier. Any interexchange carrier may provide interLATA service, subject to the availability and compatibility of the facilities of the Telephone Company and of the interexchange carrier.

If the subscriber to interLATA WATS does not subscribe to intraLATA WATS, calls made within the same LATA over the outward WATS access line will be billed at charges for local and toll calls specified in the Company's Tariffs.
